

MPN: USB3.2CC02-LSZH

ColorFlex USB-C cable 100W 20Gbps Halogenfree (LSZH), USB 3.2 Gen 2x2, 2m

The ColorFlex LSZH series from MicroConnect are designed for safe and organized cable installations. Featuring a durable jacket made from a combination of Thermoplastic Elastomer (TPE) and Low Smoke Zero Halogen (LSZH) materials, these cables are ideal for environments where flexibility, fire safety, and reduced emissions are essential. Each cable comes with a standard black strain relief, while additional detachable strain reliefs are available separately in six vibrant colors—green, red, yellow, blue, and white—making it easy to color-code and customize your setup.

- Low Smoke Zero Halogen (LSZH) and flexible soft TPE cable Jacket
- Color-coded detachable strain relief packs available in green, red, yellow, blue, and white (sold separately in packs of 20). The cable comes with a black strain relief as standard
- 100W
- 20Gbps
- Supports DisplayLink, DP Alt-mode sources with up to 4K/60 video resolution
- Chipset: HUSB332A
