

Security locks

Protect your electronic device in public places such as in the office, at school or while travelling. The Gearlab security lock keeps your device, personal information and data safe from theft. It is easy to install and you can anchor your device securely to your desk, table or any other fixed object.

The Gearlab security locks comply with existing key slot technologies and methods and work with all tablets, notebooks, desktops, monitors, docking stations or other compatible devices with standard Kensington Security Slot™ or Noble's Wedge Security Slot (used by Dell).

Features

- Universal design compatible with standard Kensington Security Slot™ found in most devices and Wedge Security Slot
- Cable material: cut-resistant 7x7 strand carbon steel with protective plastic cover
- Lock material: Zinc alloy
- 2 keys or 4-wheel combination lock
- Colour: black
- Cable size: Ø4.5mm x 180cm
- Manufactured in Taiwan
- Warranty: 3 years
