## Edge Full adhesive Privacy Filter 15.6"

Full Adhesive Edge privacy filters are for laptops with all glass displays and no bezels. There is cutout for webcam and sensors.

← ←

Protect your screen and your own privacy. Protect your company – both on the move and in the office – by keeping login credentials, essential personal and confidential data and information unexposed to unwanted onlookers.

← ←

With a Gearlab privacy filter, you get crisp and clear image clarity when you are in front of the screen, while people on either side cannot see anything on your display.

← ←

As an additional benefit, a privacy filter protects the sensitive screen glass surface from scratches and damage, and like on a touchscreen, your fingers slide and swipe easily across the surface.

- Reduces 51% (±5%) of blue light transmission (blue ray wave 440-460 nm)
- Cutout for webcam and sensors

## Caractéristiques
