

MPN: MC-HDMIKVM0401-4K

4K@60Hz HDMI KVM switch, 4x1 4:4:4, HDCP 2.2 & 1.4, 18Gbps bandwidth, 3D

Introducing the Microconnect MC-HDMIKVM0401-4K HDMI KVM Switch – your ultimate solution for seamless connectivity and control. Elevate your multimedia experience with this cutting-edge 4x1 switch that supports astonishing 4K resolution at 60Hz, ensuring the sharpest and most vibrant visuals for your devices.

Featuring the latest 4:4:4 chroma subsampling, this KVM switch guarantees unmatched color accuracy and clarity, delivering lifelike images and videos that truly pop off the screen. With the MC-HDMIKVM0401-4K, you can effortlessly switch between four HDMI source devices, such as computers, gaming consoles, or media players, all while using a single display and a set of peripherals like keyboard and mouse.

Say goodbye to the clutter of multiple displays and the hassle of constantly plugging and unplugging cables. With its plug-and-play design, this KVM switch offers a seamless user experience – just connect your devices and control everything with ease. Whether you're a professional requiring efficient workstation management or a multimedia enthusiast seeking the best visual experience, the MC-HDMIKVM0401-4K has you covered.

Simplify your setup, amplify your visuals, and streamline your workflow with Microconnect's MC-HDMIKVM0401-4K HDMI KVM Switch. Embrace the future of connectivity and enjoy the benefits of superior 4K@60Hz performance and 4:4:4 chroma subsampling in one sleek package.

Video and data cable sold separately, refer to recommended accessories for the best Microconnect options.
